WATCHES SOLONS; SOLONS WATCHING RACES

Suffrage Leaders Admit They Face Hard Battle as Special Session of Legislature Convenes at Nashville.

BY GEORGE MORRIS.

NASHVILLE, Tenn., Aug. 9.—If the eyes of the nation are upon the legislature of Tennessee, the eyes of the legislature are none the less upon the ladies. The eyes of the nation are upon the legislature, because upon its action on the Nineteenth amendment will determine if the women of the nation, without regard to race, color, creed or previous condition of servitude, shall be admitted to the suffrage.

The eyes of the legislators are upon the women because they are in the line of fire, and because some of them really are fair to look upon. A poll of the members of the house and senate assembled for the special session reveals the startling fact that only four of 132 are married and their wives are with them.

The legislators are having the time of their young lives. So far they have refused to accept the situation seriously. They like to be called to order by A. L. Todd and Seth Walker, speakers of the representative branches. They will be a prey, maybe, to a call and certainly an immediate motion to adjourn until the following day. This does not mean that the legislature is a bevy of engrossing clerks and other kinds, and a full crew of porters who will get an even start for the full session which is merely a matter of routine for the legislature, but a real and practical proceeding, followed by those who will have their names attached to the pay roll. This little formality is of no less consequence to those affected.

GO TO DECK ANTI-SUFFRAGE FIGHTS

Those Opposing Ratification Will Urge Him to Fight Amendment.

NASHVILLE, Tenn., Aug. 9. (Sp.)—Headquarters of the federal woman suffrage amendment announced today that the delegation to the Nashville conference will be received by Gov. Cox, Democratic presidential nominee, late today.

The governor will be asked, it was stated, to throw all his influence against the amendment. The delegation, headed by Mrs. George A. Washington, Nashville, includes Miss Mary C. Kilbreath, of New York, president of the National Association Opposed to Woman Suffrage; Mrs. Walter D. Lamar, of Arkansas, Ga., and Mrs. W. P. E. Wyse, acting president of the Maryland Association Opposed to Woman Suffrage.

Ranks of the suffragists were strengthened today by the arrival of Mrs. C. H. Smith, of Tennessee, who announced that he was here to do what he could for ratification. Mrs. C. H. Smith, of Tennessee, who announced that he was here to do what he could for ratification.

MEMPHIS MOURNS NOTED JURIST FOLLOWING DEATH IN HUNTINGDON

Car Fare Will Be 6 Cents Until New Judge Mounts Bench

Memphians who patronize the Memphis Street Railway company will probably continue to pay 6 cents for each ride, in the opinion of city officials, until such time as the request for increased fares is met.

The time of his death, Judge McCall had under consideration a report of the receivers of the Memphis Street Railway company, which, according to their figures, developed the fact that the company would operate at a deficit unless car fares were increased to 7 cents.

Walter P. Armstrong, city attorney, had conferred with Judge McCall in reference to the matter and was granted time in which to prepare a brief on the subject before a final decision was reached.

The time limit granted the city expired Saturday, but Mr. Armstrong had filed with Judge McCall a bill of exceptions and the brief in which he sought to show that certain changes made in the report of the receivers would result in a surplus to the company rather than a deficit.

Judge McCall was expected to mail an opinion on this matter during the present week and upon the decision hinging the rate of car fare, which would be either 6 or 7 cents.

It is the opinion of Walter Armstrong that Judge McCall had not signed an order on the case before his death. Officials at the federal building, without advice on the matter, but had received no order from Huntingdon.

City officials believe that in view of the circumstances it will be necessary to delay the matter until Judge McCall's successor has been appointed at which time they will be reopened and all of the facts laid before the new federal judge and in the meantime, the 6-cent fare will continue in force.

Class Rate Changes Are Recommended In Mississippi Valley

WASHINGTON, Aug. 9.—Recommendations of interstate commerce commission examiners for the readjustment of class rates in Mississippi valley territory were announced today by Commissioner Daniels.

The examiners suggested that "class rates between Ohio river crossings, St. Louis, Chicago and related points in the section to the east to regular common carriers be readjusted so as to preserve as nearly as possible the present general level of rates and to remove any undue burden from the railroads."

The commission requested the carriers to file with the commission by August 20 a statement as to whether or not rates will be established on the basis recommended.

AIRPLANE BURNS AT MILAN; AVIATOR HURT

MILAN, Tenn., Aug. 9. (Sp.)—The airplane piloted by John Thompson, which was brought here for exhibition, was destroyed by fire and the pilot, John Thompson, was injured.

The airplane, a biplane, was being exhibited at the fair grounds and was being flown by John Thompson, who was injured when the plane caught fire.

The fire broke out while the plane was being flown and the pilot was forced to land. The plane was completely destroyed and the pilot was injured.

POLES QUITTING WARSAW AS RED HORDES CLOSE IN

LONDON, Aug. 9.—The Polish government is leaving Warsaw, its capital, it is asserted in a wireless dispatch from Moscow received here this afternoon.

The place to which the government is being removed, the message says, is Karisz.

Karisz does not appear on available maps. It may be that Kalisz, capital of the province of Kalisz, about 150 miles west-southwest of Warsaw, near the old German border, is meant.

HYTHE, Eng., Aug. 9. (By the Associated Press.)—The allied conference here reached a complete agreement this afternoon on plans for dealing with the Russo-Polish crisis. They include the reimposition of the blockade, but on the advice of the experts no allied troops will be employed.

(By the Associated Press.) Russian Bolshevik attacks apparently have broken the Polish lines near the East Prussian frontier, and soviet cavalry patrols have swept forward in a great encircling movement north of Warsaw.

In the center of the Polish front the soviet armies also seem to have torn a great gap in the defenses of Warsaw.

PEACE FACT MUST INCLUDE LEGAL SAYS ROOSEVELT

FRANKLIN D. ROOSEVELT, in an address formally accepting the Democratic vice-presidential nomination, at his home here today, joined with his chief, James M. Cox, in accepting the challenge of the Republicans to make the league of nations one of the principal issues of the national campaign.

"The Democratic party," he said, "has offered to this nation a treaty of peace, which to make it a real treaty, must include the league of nations."
